08.21.2k18... The final OHA public presentation by the Kūkaniloko Master Plan Working Group, KMPWG, was held this evening at Hale Koa. A great turn out by our neighbors curious to see what has transpired since the first meeting held here in 2016. Question and answer sessions were held following the formal power point delivery. There were many valid concerns about the proposed development of the 511 acres of land surrounding State Monument Kūkaniloko Birthstones.
