**January 19, 2k13 ... A long anticipated event, 3<sup>rd</sup> Saturday clean-up with Medical students from JABSOM ...**Faculty members Dr. Martina Kamaka and Dr. Vanessa Wong, along with their first year medical students from JABSOM who are currently taking a yearlong elective in Hawaiian Healthcare, came out to Kūkaniloko. For Traditional Healers, health means a balance between the *āina*, man and the gods. Equally balanced are the spiritual, mental, emotional and physical states. Students visit sacred sites such as Kūkaniloko to meet with Traditional Healers and to learn basic protocol. Work-visits emphasize giving back to the communities in exchange for the knowledge they gain. Hopefully, eventually, they will be better physicians and better members of their communities. More importantly, they will be well prepared to care for the people of our Nation, *ko Hawai'i paeaina...* **Mahalo piha** for coming and planting for our future...Eō
